## Teacher's Day celebrations in Shalom Hills International School on 5<sup>th</sup> September'13

**Teachers, I believe, are the most responsible and important members of society because their professional and personal efforts affect the fate of the earth.**

~ Helen Caldicott

In Shalom Hills International School, Teacher's Day is the day when one can look back, admire and get inspired by Dr. Radhakrishnan, a small town boy, who grew up to become one of the most respected politicians and revered national leader in the history of post Independence India.

**Yet another reason why Teacher's Day is eagerly awaited by both the taught and the tutors is that on this day students realize what it means to be a teacher and what it means to control the future of several students in their**

classes and also teachers are reminded what it felt like when they were the students and at the same time, they realize that teaching is a true calling from God and re-dedicate themselves to this noblest of all professions.

Most importantly, in Shalom Hills International School it was a fun-dappled and excitement dotted day with the dear students having planned a day of riotous enjoyment for their much loved teachers. The celebrations planned by the Student's Council on 5<sup>th</sup> Sept'13 were laced with emotional and fun quotient in equal measures. The songs, games and poems dedicated to the teachers were a true index of the close rapport and special connect that exists between the teachers and the students of Shalom Hills.

The non-stop entertainment planned for the teachers did not end with the cultural programme presented by the senior graders, it only paved way for an exclusive „fun party“ planned for the teachers after the students left. One interesting game after the other spiced up the festivities with the dance and music teachers adding more liveliness to the programme through their dances and songs. A sumptuous lunch was relished by the teachers who appreciated the management and the school principal for not only the day's special celebrations but also for making teaching in Shalom Hills **'a truly 'once in a lifetime' experience for all the faculty members.**

### **Shalom Hills International School celebrates Grandparents' Day**

Through evocative dance sequels, emotive poems and loving messages dedicated to the grandmoms and grandpas, the school paid a debt of gratitude to these staunch pillars of our society and nation. An atmosphere drenched in emotions engulfed the gathering when the young artists of Grade V captured the pain and trauma of partition that had tainted the euphoria of India's Independence in 1947 through a soul-stirring dance drama titled „History comes alive“. A spoof on today's politicians put up by the Shalom teachers had all doubled up with laughter and it was followed by the riotous satire „Rupee vs Dollar“ which humorously conveyed the fluctuating fortunes of the rupee in the face of the rising inflation. It was a day laden with fun quotient as well as the grandparents were engaged in one

lively game after another. The zestful grandpas and grandmoms vied with one another to tie a necktie at lightning speed, balance balloons while dancing etc. Through their performance on a medley of songs which were the rage in the 70's and 80's, the teachers took the grandparents down the memory lane as they joined the teachers and danced to the tunes of chartbuster songs.
